

Mr Bainbridge

Ms Hoskin

Mrs Sweet

Miss Briggs

Mr Miller

**The Technology teachers at Liskeard School LOVE helping you to design and make things!
We are looking forward to seeing you and problem solving together in our workshops.**

Choose ONE, TWO or THREE of the Technology Challenges below!

FOOD CHALLENGE: Design a themed sandwich or ice cream

Choose a theme - maybe something a bit unusual or funny! – and design a sandwich or ice cream that fits the theme. Make sure you write a list of all the ingredients and draw what it would look like and label it. To go a step further make it and take a photograph of it.

TEXTILES CHALLENGE: Design your own bandana headband

If you research bandana or headband on the internet you will see that there are many different designs suitable for girls or boys, Design one for either yourself or someone else. Make sure you label your drawing/s to show how to make it. To go a step further make it and take a photograph of it.

PRODUCT DESIGN CHALLENGE: Design a wind powered toy

If you research wind powered toys on the internet you will see that there are many different designs that operate in many different ways – some are meant to be fixed in one place (like a windmill or whirligig) and others are mobile – using wheels. Design one for either yourself or someone else. Make sure you label your drawing/s to show how to make it. To go a step further make it and take a photograph of it.
